

GRINDING MACHINE KLINGELNBERG HSS 350

Gear grinding machines

Brand :	KLINGELNBERG
Model :	HSS 350
Year :	1973
Serial number :	1041

TECHNICAL DETAILS & EQUIPMENT

Normal distance between centres (centres to the rear) 750 mm

Max. Distance between centres (centre in clamping head) 1200 mm

Grinding length 500 mm

Workpiece Ø, min/max 10 – 350 mm

Working hole bore 130 mm

Workpiece speed, infinitely variable 1 – 26 rpm

Lead range, min/max 1 – 500 mm

Max. Lead angle 45°.

Pressure angle 0 – 30°.

Module range 0.5 – 25

Number of wires 1 – 30

Grinding depth 65 mm

Grinding wheel dimensions, Ø x width 500 x 60 mm

Wheel speeds, infinitely variable 75 – 3000 rpm

Weight 8,500 kg

Accessories :

Diamond dressing unit

10 grinding wheels
