

SURFACE GRINDING MACHINE - DELTA LC500

Surface grinding machines

Brand :	DELTA
Model :	LC500
Year :	2012

TECHNICAL DETAILS & EQUIPMENT

Distance between column axis and wheel axis :	315 mm
Max distance between magnetic chuck (standard) and wheel :	205 mm
Max. grindable surface :	ø500
Rapid feed per turn of andwheel :	2
Micrometric feeds by means of the small round graduated handle :	0.01 mm
Rpm of the wheel :	2840 rpm
Rpm of the rotating table :	15/30 rpm
Over all dimensions of the machine :	1200x950x1750 mm
