

TABLE UP BROACHING MACHINE - EKIN RISH 6.3x1000

Broaching machines

Brand :	EKIN
Model :	RISH 6.3x1000
Year :	2000

TECHNICAL DETAILS & EQUIPMENT

- Maximum working force 63 kW
- Cutting speed 2,5-5-7,5 m/mn
- Reverse speed 24 m/mn
- Broaching stroke 1000 mm maximum
- Spindle recuperator stroke 400 mm
- Number of broaching stations 1
- Hydraulic power pack motor 9 kW
- Hydraulic tank capacity 600 dm³
- Electric motor lubrication 70 Wat.
- Lubrication tank capacity 3 dm³
- Electric motor refrigeration 0,75 kW
- Refrigeration tank capacity 150 dm³
- Belt motors input / output 0,18 kW
- Compressed air pressure 6 bar
- Total machine height 3200 mm
- Floor space 3700 x 3000 mm
- Total weight of the machine approx. 3500 Kg
- Total electrical power 10,5 kW
